AMENDMENT UNDER RULE 116

Commissioner for Patents
Washington, D.C. 20231

Sir:

In response to the Final Office action dated April 9, 2003, amendment of the above application is proposed as follows:

AMENDMENTS TO THE CLAIMS

Claim 1-16 (cancelled).

17. (Currently amended). In a process for protective fabrication of a composite structure to be exposed to seawater environments, the improvement residing in ~~a sequence of steps including~~ performance in sequential order the following steps of: a) forming a barrier; b) introducing a fire resisting agent into the barrier after said forming thereof; c) forming a substrate; and d) attaching the barrier to the substrate in underlying relation thereto before completing the fabrication of the composite structure; wherein said introducing of the fire resisting agent comprises: infusion into the barrier.
